To our valued clients,

We appreciate your business and are committed to assisting you through any disruptions that may arise relating to COVID-19. As an SBA-approved lender, Flagstar Bank is fully participating in the Paycheck Protection Program, which is available now for eligible businesses.

The program is now open for existing clients to submit their loan application.

[Apply for the Paycheck Protection Program.](#)

Flagstar will process your loan application, determine if your business is eligible for the program, and, if approved, will close and fund the loan. At a later date, Flagstar will administer the process by which you can apply for loan forgiveness.

Flagstar Bank is here to help.

For current information about the Paycheck Protection Program, visit the [U.S. Small Business Administration website](#).

Complete instructions for submitting your loan application are provided at the [loan application portal](#).

We understand that these uncertain times can deeply impact you, your business, and your valued employees. Flagstar has strong capital and strong liquidity and is well-positioned to weather this unprecedented challenge and to help our customers do the same.
