I. Introduction and Executive Summary

A. Introduction

The City of Barstow (City) is located in the Mojave Desert Region of central San Bernardino County, California, about 130 miles northeast of Los Angeles and 150 miles southwest of Las Vegas. The population of Barstow is approximately 23,000 and serves as a vibrant regional retail commercial center. Strong interstate highway travel-oriented services, a large rail facility, and two major military bases contribute to a diversified economic base.

Recently, the City has experienced successful commercial and residential growth, and anticipates further growth in the coming years. For this reason, the City seeks the services of a professional and experienced developer to assist with the master planning, pre-development and property development.

B. Executive Summary

The City of Barstow, California (“City”) is requesting qualifications and proposals from qualified developers to develop the Dana Park at 850 Barstow Road, Barstow, CA 92311. The successful developer (“Developer”) will propose the programming of approximately 12.8 acres of City-owned real property.

Development Opportunity:

- Two contiguous rectangular tracts, each approximately 11.43 acres in size located in the heart of the City
- Directly adjacent to Interstate 15 and Interstate 40 exit ramp.
- Proximity to regional access: multiple freeways, a large intermodal rail yard.
- The parcel is on one of the main arteries of the city.
- A slight incline afford the parcel tremendous views of the surrounding mountains and the city.
- Located in an Opportunity Zone.
- Within close proximity to City Hall, Police/Sheriff and other city services

Current Assets on the parcel that may be repositioned:

- AL Vigil Swim Center: 23,389 sqft, built in 1981
- Dana Park Community Center: 5,255 sqft, built in 1965

Developer Qualifications

The City seeks a developer or organization that has demonstrated the following:

- Successful development of sites in an urban setting.
- Expertise in assembling financing for Public Private Projects (P3s).
- Expertise in collaborating with community stakeholders to create projects that deliver strong social and financial returns.

Desired Development Products

The City is soliciting proposals from entities interested in:

- Establishing a long-term site development plan that may provide benefit to its surrounding communities
- Assisting the City in achieving the highest and best use;
- Entering into a ground and asset lease with the city

The City and the selected developer will enter into an Exclusive Negotiating Agreement (ENA) to finalize business terms and developer obligations (see Attachment B). Final business terms and developer obligations will be based on minimum terms agreed to by the developer in response to the RFP. Final business terms and developer obligations will be incorporated into the future agreement that will supersede the ENA as the governing document for the transaction. For illustrative purposes only, the following is an outline of a possible structure of developer obligations. IV. Evaluation Criteria, Procedures, and Anticipated Timeline

A. Evaluation Criteria (and decision weight)

The following criteria will be used as the primary basis for evaluating developer responses:

- **Experience (10%):** Does the developer team possess the experience to deliver the targeted development Project? (e.g., similar projects, nearby/similar markets, team member experience, hotel industry relationships, no litigation).
- **Concept (50%):** Is there a clear Project concept provided and does it meet the City’s vision? (e.g., proposed scale, quality and uses).
- **Financial Wherewithal (30%):** Does the developer team demonstrate access to capital for proposed Project development including equity for initial architecture, engineering, consultants and other due diligence costs? (e.g., evidence of equity and debt financing for total Project costs, references, etc.).
- **Proposal Responsiveness (10%):** Completeness, organization, timeliness, etc.

The order of presentation of the above criteria does not necessarily denote the specific importance of the same. Following in-person and/or online interviews, eventual selection of a preferred developer will be based on additional factors, such as LOI terms (e.g., financial structure, Site/Project valuation, initial financial pro forma), supportive market data, quality of design and development, fiscal impact to the City and other taxing entities, and as applicable, Site deliverables to be provided by the City. In its consideration of the response to this RFQ/P, the City may request additional information.

B. Evaluation Procedures

1. City Staff will evaluate and rank responses to this RFQ/P based on which proposals best satisfy the objectives expressed by the City in this RFQ/P for recommendation to the City Council.
2. All respondents will be notified of evaluation results, particularly those firms that have been selected for in-person and/or online interviews. City Staff shall present the recommendations to the City Council. The City Council may conduct in-person and/or online interviews with developers before the final selection.
3. The City will pursue negotiations with the top-ranked respondent with the goal of entering into an Exclusive Negotiation Agreement (“ENA”) and negotiating a mutually acceptable LOI within 90 days of selection. If a satisfactory ENA cannot be negotiated with that respondent, the City will formally end negotiations with that respondent and may pursue negotiations with the respondent that next best satisfies the objectives and goals expressed by this RFQ/P, as determined by the City, or in its sole and absolute discretion proceed on alternative basis, or terminate process.
4. The purpose of the ENA will be to negotiate a mutually acceptable binding Disposition and Development Agreement (DDA). Through the ENA process, the City will agree not to negotiate with any other developer regarding the Site.
5. The City reserves all rights to modify or terminate the selection process, go outside of the selection process to select a developer, or not select a developer at all. The City further reserves the right to modify any of the proposed selection criteria in pursuing negotiations with any developer. This RFQ/P and selection process does not constitute any type of offer and creates no contractual or other liability to the City. There is no guarantee that a DA will be consummated, or that any Project will be reviewed pursuant to this RFQ/P.
6. It should be noted that both the ENA and the subsequent development agreement will include performance timelines that allow the City to terminate the agreement without liability, should the developer not reach the agreed upon milestones in the timeline provided. Such termination may occur without liability to the City, even if delays were due to actions within the City’s control.

V. Anticipated Timeline

- RFQ/P released **Monday, March 7, 2022.**
- Responses to RFQ/P due on **Friday, June 17, 2022.**
- City review of responses and invitations for interviews sent in **July 2022.**

AGREEMENT

The foregoing recitals are hereby incorporated by reference and made part of this Agreement.

1. **Exclusive Negotiating Period.**

A. **Exclusive Negotiating Period.** The Parties agree to diligently negotiate in good faith for a period of 12 months (the “**Negotiating Period**”) commencing on the Effective Date, for the purpose of negotiating a DDA. During the Negotiating Period (including extensions in accordance with this Agreement), the City shall not negotiate with any entity, other than Developer, regarding the development of the Site, sale, disposition, or solicit or entertain bids or proposals to do so.

B. **Extensions.** The Negotiating Period may be extended by written agreement of the Parties, in which the City Manager shall have the authority and discretion, but no obligation, to execute on behalf of the City up to two extensions of six months each. Further extensions may be approved by City Council. If a proposed DDA between the Parties is scheduled for consideration at a public hearing, the Negotiating Period shall be automatically extended for up to 30 days, if needed, to provide for consideration and action by City Council.

C. **Effect of this Agreement.** Under this Agreement, the Parties merely enter a period of exclusive negotiations. E. **Cure of Default.** A Party may terminate this Agreement upon the failure of the other Party to negotiate in good faith, and the failure of the other Party to cure after receipt of notice of such failure from the non-defaulting Party and continuance of such failure after fifteen (15) days opportunity to cure. No Party shall have a right to specific performance of this Agreement. In the event of an uncured default by a Party, the sole remedy of the non-defaulting Party shall be to terminate this Agreement.

2. **NEGOTIATION TASKS**

A. **Overview.** To facilitate negotiation of the DDA, the Parties shall use reasonable good faith efforts to accomplish the tasks set forth in this Section 1 in a timeframe that will support negotiation and execution of a mutually acceptable DDA prior to the expiration of the Negotiating Period.

B. **Financing and Costs of Project.** Within the Negotiating Period (excluding extensions thereto), the Developer shall provide the City, for its review and approval, with a preliminary detailed financial analysis for the Project containing, among other matters, a development budget and operating proforma (the "Financing Proposal"). The Financing Proposal shall identify the sources of funding for each phase, or component, of the Project, including but not limited to all proposed sources of debt and equity to be utilized for the Project. The financial analysis shall be refined by the Parties during the Negotiating Period, as appropriate, and will be used to evaluate the financial feasibility of the Project and to assist in the negotiations of terms regarding development.

C. **Master Plan.** Within the initial Negotiating Period (excluding extensions thereto), the Developer shall prepare, consistent with the approved Master Development Plan, conceptual site plans including schematic design of the various components of the Project and a preliminary analysis of land use entitlements required for the entire Project, for the City's review and approval (the "Master Plan").

D. **Planning Approvals.** The Developer acknowledges that the Project requires discretionary approvals and entitlements from the City (the "Planning Approvals"). During the Negotiating Period (excluding extensions thereto), the City and the Developer will agree on the type of Planning Approvals necessary for development of the Project, which may include a site plan review, zoning amendment, a tentative map, and a final map. The Developer shall be responsible for the payment of all application fees associated with the Planning Approvals.

Developer shall indemnify, defend and hold harmless City, and the elected and appointed officials, officers, agents and employees of City (individually or collectively, an “Indemnified Party”) against any and all losses arising out of any claim, demand or cause of action, or any action or other proceeding, whether meritorious or not, arising through Developer, Developer’s contractors or employees and brought or asserted against any Indemnified Party that relates to or arises out of: (i) property damage or bodily injury or death of any person in connection with this Agreement; (ii) entry upon the Site by Developer, its contractors or employees; (iii) any inspection of the Site by Developer, its contractors or employees; or (iv) the preparation of any report or plans commissioned by Developer; provided, however, that no Indemnified Party shall be entitled to indemnification under this Section for any matter caused by such Indemnified Party’s gross negligence or willful misconduct or for any matter arising from the discovery of any pre-existing condition upon the Site.
