

HOW TO USE YOUR FOOD WASTE PAIL

1 COLLECT

Begin collecting food waste separate from your other trash and recycling. This includes: fruits, vegetables, meats, seafood, bread, dairy, eggshells, coffee, plate scrapings, peels, rinds, food-soiled paper, and expired food.

2 ADD

Add food waste to your plastic lined Food Waste Pail, provided by Burrtec. Store it in a convenient place, such as on your countertop, in your refrigerator or under your sink.

3 SECURE

Secure your plastic bag by tying it off. Remember, bags do not have to be compostable or biodegradable. They can be any color. We encourage you to re-use bags you may already have such as bread bags and produce bags.

4 DISCARD

Place your bagged food waste in your green barrel, along with your green waste. Bring this flyer to Burrtec's office and receive your kitchen pail (while supplies last). Remember, food waste no longer belongs in your trash barrel.
