Planning Division

**Site Plan Review Checklist
(For Site Plan Reviews, Revisions and Conditional Use Permits)**

Plan Submittal:

The plans shall be professionally prepared in conformance with accepted drafting standards. 4 sets of hard copies of all plans shall be submitted, along with a thumb drive of all materials requested below on PDF format. The review period is approximately 2 weeks upon a complete submittal.

The following information shall be indicated on all site plans (check when completed):

1. Site plans:

Shall be professionally drawn and submitted on 24" x 36" sheets (folded to 8 1/2" by 11"), drawn at a minimum scale of 1"=20', to be reflected on the plan. Include 4 hard copies + PDF copy on thumb drive. Site plan must including the following:

- Name, address, and telephone number of the developer, owner of record, and person who prepared the plan.
- Date of preparation and/or revisions.
- Precise legal description (the Assessor's Parcel Number (APN) is not a legal description).
- North arrow oriented towards the top or to the right of the sheet and a legend identifying any symbols used.
- Property lines with dimensions and bearings.
- Gross acreage (including streets) and net lot area.
- Assessor's Parcel Numbers and site address (if available).
- A vicinity map showing the precise location of the project.

The site plan shall indicate the location of:

- All known and proposed easements and improvements. Structures and improvements + structures and improvements proposed to be demolished, relocated, or constructed (dimensioned and labeled); and all other pertinent information (including but not limited to parking, walls (retaining, screen or garden), fences, signs setbacks, trash enclosures, lighting, driveways, any accessory structures, street improvements, drainage improvements and all utilities which can be graphically depicted on the plan.
- Indicate the limits of phasing and all off-site and on-site improvements to be constructed with each phase. Include the estimated timeline for each phase.

- Dimensions of both off-site and on-site improvements including right-of-way for streets and alleys/curb face from centerline. The width of all driveways, drive aisles, sidewalks, and width and depth of parking spaces and loading zones.

2. Floor Plan:

The Floor Plan shall be professionally prepared in conformance with accepted drafting standards on 24" x 36" sheets (folded to 8 1/2" x 11"). Include 4 hard copies + PDF copy on thumb drive). Floor plan must include the following:

- Scale (typically 1/4" = 1').
- Label each room as to use.
- Provide dimensions for each room and provide outside building dimensions.
- Show locations of all equipment on the floor plans. (i.e, kitchen equipment, water heaters, shelving/racking, refrigerators and freezers, etc.

3. Elevations:

The Elevations shall be professionally prepared in conformance with accepted drafting standards on 24" x 36" sheets (folded to 8 1/2" x 11"). Include 4 hard copies + PDF copy on thumb drive. Elevations must include the following:

- Roof overhangs and any other parts of the structures that protrude from the building surfaces.
- Colors, finishes, and materials.
- Any rooftop appurtenances and rooftop penetrations (i.e., HVAC, ventilation equipment, utility enclosures or panels, meters, etc.). **External equipment shall be screened from public view.**
- For new construction or exterior modifications (excluding fewer than 5 single-family residential), an 8 1/2 x 11 color and material sample board shall be provided. The board shall include catalog photo samples of all colors and materials generally no smaller than 2"x 2" with the manufacturer's specification.

***Multi-Family Residential, Office/Commercial and Industrial uses shall provide the following information:**

- Show all handicapped parking spaces, accessible paths of travel and ramps needed to provide accessibility from a public street to all private facilities, consistent with state and federal law.
- Show the location of all equipment on the site plan. This includes, but not limited to: heating, and air conditioning equipment, gas and electric meters, backflow preventer valves, and other utilities.
- Provide a tabular summary, which includes the following information:
 1. Adjusted gross and net acreage.
 2. gross floor area per building and total floor area for all buildings.
 3. Landscape coverage ratio (percentage of lot covered by landscaping).
 4. Number of unit types, unit area by type, number of bedrooms, number of stories, and number of units per building (as applicable).

5. Required and proposed number of parking spaces (covered, uncovered and ADA accessible, as applicable). Include parking formulas used and calculations.
- If the project is not exempt from the California Environmental Quality Act (CEQA), the applicant shall provide a printed and digital copy of the Environmental Information and checklist form for the project site. If required, this form will be provided to the applicant by the Planning Division.

Additional plans/documentation may be required as part of the plan check submittal.

APPLICATION SHALL ALSO BE SUBMITTED.

I HEREBY ACKNOWLEDGE THAT I HAVE INCLUDED ALL OF THE ITEMS LISTED AND UNDERSTAND THAT MISSING ITEMS WILL RESULT IN THE DELAY AND/OR REJECTION OF THE PROCESSING OF MY APPLICATION.
